

europa's CHILDREN

LOVE. TELL. TEACH.

August 2018

Dear Friends,

Almost a year ago, Paul Tremontozzi appointed us as the new directors of Europe's Children, an initiative of the Europe Region to reach and disciple the 80 million children in the 32 countries of Europe. We were first appointed in 1988 with AGWM and served in Honduras until 2007. Then transferred to Spain and currently live in Córdoba, Spain, where we collaborate with the Spanish Assemblies of God seminary and several national and European children's ministry programs.

Our plan is to build upon the previous director's accomplishments and increase the influence of Europe's Children focusing on promoting children's ministry to national and local leaders by providing training for and equipping children's workers. Due to the needs and opportunities, we will also seek to invite experienced children's workers to serve in Europe.

Please pray for us and the children of Europe who desperately need the good news of the gospel.

We are excited about the future of Europe's Children. Through the years, Europe's Children has ministered through evangelism teams, funding for camps, Vacation Bible School feeding programs, the Children's Ministry Network, Energia, a biennial children's workers' conference that workers from many European countries attend, and there is so much more to come.

Steve + Jece

Here are a few ways Europe's Children this year has helped different children's ministry throughout Europe.

Patti McClung- Slovakia

"THANK YOU for directing the Energia Children's Conference in Budapest! It is always a joy to come and bring nationals with us. THANK YOU for helping with the cost of the 13 others we brought from Slovakia!! Such a BLESSING!

Ariel Rainey- Spain

"We are so very thankful for the funds that you provide to do some of our large-scale events such as our "Back to School" event, Oasis Christmas, and our summer camps--from the paper plates to the door prizes, the balloon decorations to the backpacks, you have made these community connections possible, and I'm very thankful for that generosity and commitment to the active, visible love of Jesus for the 'least of these.' "

Maritza Dominguez- Macedonia

"I work at the Children's Ministry in Macedonia, which includes Macedonian, Albanian and Gypsy families. We perform many activities, one of them required the use of a projector. Since we did not have any projector, we missed countless opportunities to show movies, power point and other important information to the children and parents. Thanks to Europe's Children, because last month they donated a mini projector to us. It's a great gift! Now that we have it, we can share more information with the kids and families and spread a better message."

Please consider giving to Europe's Children. Your gift, small or large, enriches not only the lives of the 80 million children in Europe but also the missionaries that work with them all across the continent. It makes a difference! Thank you!

You are receiving this letter because you have had contact with Europe's Children in the past. If you would no longer like to receive mail updates, please send an email to europeschildren@agmd.org.

There are many ways to connect with Europe's Children!
