Thank You!

We appreciate your financial and prayer support for Europe's Children. According to the United Nations Population Fund, of the 8.1 billion people on the planet, around 25% are 14 and under. Throughout our 38 years as AGWM missionaries, we have emphasized children. We must reach the children, and our heart is specially for Europe's Children.

Steve & Tece Entsminger

europes
CHILDREN LOVE.
TELL.
TEACH.

Summer 2025

Europe's Children began under the leadership of Sandie Mundis in 1999 while she and her husband, Greg, were missionaries in Europe. Through evangelism, discipleship, and social ministries, many children learned of Jesus. When Karmi Buckley became director in 2008, she helped begin the Energia Conference to supply missionaries and nationals with tools to more effectively reach the children of their country. When Steve and Tece Entsminger took over leadership in 2017, they have tried to continue offering resources including the promotion of the Energia Conference every two years.

Beginning June 2025, Europe's Children is entering into new leadership with Mike and Tina Hook, AGWM missionaries to Scotland. The Hooks' have been part of the EC leadership group for the past four years and bring lots of experience and innovation. We are all excited about EC's future!

Kids Camp Greece

Europe's Children continues to resource nationals and missionaries with materials and supply funds for kids camps and outreaches in several countries.
